

C2G 5ft (1.5m) Cat6 Non-Booted UTP Unshielded Ethernet Network Patch Cable - Plenum CMP-Rated (TAA Compliant) - Black Part No. CG-15293

Strict building code requirements for cabling in plenum spaces have created installation challenges in settings such as schools, hospitals and other commercial buildings. C2G has expanded its connectivity portfolio to include a line of cables that are ideal for routing through plenum space above dropped ceilings or under raised floors.

Applications include voice/data/video distribution; this cable will handle bandwidth-intensive applications . Meets all Cat6 TIA/EIA standards, and reduces both impedance and structural return loss (SRL) .

Constructed from high quality plenum cable, this design minimizes Near-End Crosstalk (NEXT) levels. Available in Gray, Blue and Black to easily color-code your network installation.

Features & Benefits

Available in lengths up to 100H Specifications General Info Product Line C2G Color Black UPC Number 757120152934 Country 01 Origin United States Features PoE (Power Over Ethernet) Country 01 Origin United States Warranty Type Lifetime Type Cable Dimensions Vertauct Line y So FT Cable Length Stf Features So FT Cable Length Stf States TAM Comptiant Yes Vertauct Length Stf States Featureation PoE (Polymyl Chloride) Wire Gauge 23 AWG Lacket Application Plenum Rated Vertauct States Ethernet Patch Cable, Unbooted, Unshielded [UTP]	Rated for Plenum, in-wall installations		Cat6 cable with standard RJ45 connectors
