

## C2G 1000ft (304.8m) Cat5e Bulk Unshielded (UTP) Ethernet Network Cable with Solid Conductors - Plenum CMP-Rated - Gray Part No. CG-56004

This plenum rated Cat5e cable is perfect for creating custom length horizontal network cable runs. This cable meets all Cat5e TIA/EIA standards, and is designed to reduce both impedance and structural return loss (SRL). Each of the individual pairs are constructed from high quality copper cable and are bonded together to help maintain the twist-spacing up to the termination point. This design helps to minimize Near-End Crosstalk (NEXT) levels. The cable is foot-marked on the jacket indicating the amount cable remaining spooled in the easy-to-use pull box.

No-snag box makes pulling cable a cinch
