

C2G
10ft (3m) Dual Band Infrared (IR) Receiver with 3.5mm Plug (TAA Compliant)
Part No. CG-98045

Ideal for use with #40430, Infrared (IR) Remote Control Repeater Kit. Simply place this IR target to the front of your TV or any IR-controlled device. A 3.5mm plug connects to a three conductor, 3.5mm keystone jack for connection into your IR system. The 10 foot cable allows you to move the target to a position best suited to receive the IR signals from your remote control. Connect via economical UTP cable; 12V DC operation is compatible with common IR devices. You can even control audio/video devices located behind doors or in other rooms!

Features & Benefits

Dual band receiver	LED light confirms IR communication
10ft cable length	12V DC operation
